Conference Venue Information
Accurate as of 24 October 2016

The Conference will be held at National Museum of Singapore.

National Museum of Singapore (NMS)
93 Stamford Road, 178897

With a history dating back to its inception in 1887, the National Museum of Singapore is the nation's oldest museum with a progressive mind. It is custodian of 10 National Treasures, and its Singapore History and Living Galleries adopt cutting-edge and varied ways of presenting history and culture to redefine conventional museum experience.

A cultural and architectural landmark in Singapore, the Museum hosts innovative festivals and events all year round – the dynamic Night Festival, visually arresting art installations, as well as amazing performances and film screenings – in addition to presenting thought-provoking exhibitions involving critically important collections of artefacts. The programming is supported by a wide range of facilities and services including F&B, retail and a Resource Centre.

The National Museum of Singapore is an iconic architecture - bringing together the old and the new on one single site. Originally built by Colonel Sir Henry Edward McCallum as the former Raffles library and museum in 1887, the elegant neo-classical National Museum building is seamlessly joined by a new modernist extension of glass and metal. This redevelopment more than doubles the capacity of the existing building to become the biggest museum in Singapore at 18,400 square metres. With a rich history dating back to 1887, the National Museum of Singapore is Singapore's oldest museum with the youngest and most innovative soul.
